BUGLER

" It's better to read about him than to actually hear him!! "

Pen to paper!

The sun was beating down, and there wasn't a cold beer in the house. What could the Adderbury Scout Leaders do to stop themselves going completely insane? Nothing at all I'm afraid, hence this excuse for a newsletter!

For a change we thought we would add a few pictures and drop the formalities of 'Dear Parents...' Now, enough idle gossip, the World Cup is about to start and Brendan is coming out in a cold sweat. On, on, on.....

COOL, CALM AND COLLECTED RUSS. TRUSTY BRENDAN'S ON THE OTHER END OF THE SAFETY ROPE! ANYWAY THAT ABSEILING WALL IS ONLY 12FT HIGH...I SEE WHAT YOU MEAN!

Summer Activities: -

In preparation for camp, activities are being organised on Sunday afternoons so that your son can brush-up his skills in canoeing, climbing, abseiling etc. If you want, why not pop along and see what's going on? (Now's your chance Mr Ewles - says BC!). Details of these events will be advertised on the noticeboard. So tell your son, as Shaw Taylor would say, to "Keep 'em peeled"!

Summer Camp 1986 update!

Your son should have already brought home a note about Summer Camp. We are now in the final preparation stages, lining up events for the daytimes. The caving in the Brecon area will be challenging and exciting, plus this year we hope to have a trip down a coal mine! Our canoes have just undergone their safety check and are now ready for the many types of water they will encounter. With good weather as well, Summer Camp 1986 could well be the best camp yet!

HAVING SAID THIS, WE WERE A LITTLE SUPRISED AT THE LACK OF RESPONSE FROM SOME SCOUTS.

Summer Camp is the climax of the Scouting year and a time when, ideally, all the Troop are present. So as an aid to any problems that may be encountered, we present:-

OVER ->

We present :-

"The Baker's Almanack to Camp Problems - Solutions Edition!"

PROBLEM: We can't afford it.

SOLUTION: Pay by instalments into the camp bank; a little each week. Don't forget that Summer Camp is one of the cheapest holidays around - where else could you spend a week away, all food included, for just £34!

PROBLEM: We will be away that week.

SOLUTION: We always try to give plenty of notice of the Summer Camp dates (always the second week of the summer holidays). However, have you considered going away on your own (nudge nudge, wink wink!! - says AC) whilst your son goes to camp?

PROBLEM: We come back from our holiday the day you go.

SOLUTION: Several Scouts have said this, so why don't they all get together and travel down with a parent on either the Saturday evening, or the Sunday morning to meet us at the site?

PROBLEM: My son wouldn't enjoy it.

SOLUTION: How does he know until he's tried it?

Still worried - well take a look at one of the Summer Camp videos, or 'phone a leader, but best of all have a chat to any Scout that has been to camp before. They will persuade you!

... YOUR SON IS GOING, ... OH, SORRY!

* The Parish Garden Party. *

THESE TWO HANDSOME YOUNG CHAPS WERE DESPERATE TO TAKE 'TEDDY' HOME WITH THEM. IT WASN'T TO BE THOUGH - THEY WERE WON FROM THE SCOUT STALL AND HEADED OFF TO A NEW CARING HOME, WHERE THEY WERE LET OUT OF THE PLASTIC BAGS!

← *SCOUT PICTURE POWER*

This year the garden party takes place on June 28th in the gardens of the house next to the Church. As usual we have been asked to help by setting up the stalls, selling the ice-creams, and clearing up at the end. Hence we will need a rota system of Scouts throughout the day to help. In return we are allowed our own stall, and this year we would ask each Scout mum (or dad!, or even SCOUT!!!) to donate one cake (not cup cake - says BC!). You will not only be helping the church, but the Scout Troop as well - after all, we must keep Troop Treasurer, Andrew Cox happy...he does hold the purse strings (rather tightly - says AG!).

You READ IT FIRST - IN THE BUGLER!

NB:

FINANCE: To make life easier for Troop Treasurer, Andrew Cox, please could all cheques for Summer Camp be made payable to 'The Nationwide Building Society'. Thanks.
